

vibe

1. To turn the speaker on or off

Press and hold the power button.

2. To connect the speakers to a device

Press and hold the button with the Bluetooth icon. It will search for the available devices within a 10 meter range.

Check on your device and choose dBs Vibe and pair.

3. To play or pause music

Press the play/pause button once

4. To turn the volume up or down

Press the + or - button once. Each press make the volume go up or down a notch

5. To go to the previous or next song

Press and hold the + or minus button

6. To answer calls

Press the phone button once. To hang up or reject a call, press the phone button twice.

7. Battery and Charging

The red light turns on when the battery is low and when charging. Once it's finished charging, the red light will turn itself off.

Now you are ready for the dBs Experience!
